“ Trinity was my student in the 6th grade. She was such a helpful and caring young lady who always put forth an effort in my math class and always shared a beautiful smile and helping hand. She loved school as well as her friends and teachers. My heart breaks to hear of this beautiful diamond being taken from such so soon. Trinity, I will never forget the wonderful memories we shared in math class along with all your helpful and delightful personality and spirit. May you Rest and Sleep in Peace. My condolences go out to your family at this very difficult time. May God be their comforter. It is never easy to lose a loved one especially a beautiful young soul such as Trinity.
