“ My dear friend, I thought you were mad at me and not returning my calls like we did with each other sometimes...little did I know you were gone. My heart aches right now and I have cried so many tears since I found out yesterday, tears I didn't even know I could cry. In life you only come across very few friendships that are so special, you were my closest friend ever...I'm glad we said to each other "I love you!" every time we talked on the phone...I'm glad you knew I loved you. You brightened many lives with your generosity, humor and love. Everything was all about family and friends and love when it came to you. I will do my best to find Jackson ...I know how much he meant to you and you to him...you always said that he was the best gift I ever gave you and you were the best gift I ever gave him as well...he will miss his daddy. I will miss you too forever!

For 3 yrs I been calling wondering why no return call. I called today his home number is a laundry and cell number is disco'd. Then checked his FB page someone posted a RIP I searched obituaries and just found out. I am so out of it fit to be tied. Just like him to have his memorial on my Birthday. He will be missed.

“ Our thoughts are with the family.
Our father of tender mercies has himself experience the loss of a love one. Pour out your heart to him in prayer concerning your personal grief. Thoughts of peace.
