My deepest condolences to the entire Smalls family. Although I 've only known Ms. Smalls a short period of time. I quickly learned she was a beautiful, loving, caring and family structured individual, who had lots of love for her family. She is the mother of my best friend Karlita. Whom she has raised to have a good heart and great qualitys, as herself. Ms. Smalls will be missed but her legacy will live on forever through her beautiful children. May she Rest in Peace.

“ Mummy, I miss you dearly. You have been my pillar of strength. My confidant and advisor. Words can't describe the pain I feel not seeing your face, hearing your voice or going about our daily routine. On June 12th, I lost my best friend..... I thank God for all the good times, great memories and the opportunities to say I love you, im sorry and I got you. Be free of all suffering, Mummy. Love Karlita
