“ Only met Virginia once, she was so nice and sweet . I wish I got the chance to make memories with her. I know my niece and nephew got to experience her love and heart just like everyone else and that brings me joy. Sending my love to her family during this time and after.

“ Sending my deepest heartfelt condolences to the family. Virginia cleaned our office (Office Of Naval Research) for about 15 years. She was family to us. She did an awesome job and we loved her like our own. We included her in “everything” to include all holiday functions and birthdays. The last time I saw her - she wore that beautiful smile and gave me a hug. This has hit me so hard because I loved her like a sister. We always talked about our sons as we both had 2. Zori & Akela, Darious & Jamari your mom loved you all with everything in her... she loved her children, family, friends and life. She will be missed by all. Love you Virginia 🥰

Virginia, I don't know where to start but you was like a mother to me... we sat and we talked about everything you was my best friend and you was always there for me and nobody couldn't do or say anything about me.. and I love ❤️ you dearly for that. I don't know how going to make it at work knowing I'm not going to hear 🗨️ you say hey ma you alright. I'm going to miss your smiling 😊 face and our long talks but I know you're at peace and I will forever keep you near and dear to my heart ❤️ forever and always!!!
