“ I was an EPA colleague and friend. Yolanda had an infectious laugh. Thoughtful, thorough focused and ready to dive in to whatever issue we were dealing with. I will miss her. My thoughts and prayers go out to her family.

“ I had the pleasure of being Yolanda's colleague for seven years. We worked in different geographic locations but were part of the same national program team. Yolanda was a smart and capable professional who brought unshakeable integrity to her work to improve water quality. More than that, she had a warmth and good humor that she generously shared with all. I will miss her and think her often.
To Yolanda's family and friends - I am deeply sorry for your loss.

“ Dear Family and Friends,
We will truly miss Yolanda. Every time you encountered her, you were greeted with a smile, a joke and kind words of encouragement. I've only known her for a short time and she touched my heart. Godspeed Yolanda Brown Godspeed.

“ I had the opportunity to work with Yolanda for the past several years. What I remember most about her was wisdom, kindness, and warm-heartedness. She cared about getting to know a person and respecting people. Although many things can be said about her career achievements, I always walked away from Yolanda learning something more than what was on the surface. Last year when I shared with her the exciting news of having a child, she shared with me that as a mother she felt her son was so special her to her and how grateful she was to have him in her life. Her love shining as she told me about her grandson coming in February. We talked about family, but she has a way of being a mentor, this time as a mother. Words really do not do justice in how special she was. Please accept my heartfelt condolences.

“ I worked with Yolanda in Lawrence, Kansas and later in Omaha, Nebraska. She always had a positive attitude and was a joy to be around. She was very proud of her little boy (Darrell if I remember correctly) and he was always her number one priority in life.

“ In the four short years I've know Yolanda, it's been easy to see that no amount of time with her could ever be enough. She will always be remembered for being an incredibly smart, and caring person with a great sense of humor. My deepest condolences and all of my best wishes to her family and friends.

“ *Yolanda and I worked together at EPA for many years and she was a hoot! She was definitely a God fearing woman. Back in 2016 I ask Yolanda to come to a special event where I was being honored and be one of the people who spoke and presented me with a special award. even though she was having problems with her knees she agreed to come and share in that special day and gifted me with a beautiful black Angel statue that I will treasure forever...*
