“ Yvonne and I grew up in the hills of rural St.Catherine. Her father and I were first cousins and the family was very close knitted. As children and young adults, we ate from the same pot, we climbed trees together, especially mango trees. We played together, we mourned together.  
When we spoke in November '24, we reminisced about the good old days. I am happy we got the chance to talk then and I'll cherish those moments and memories.  
My prayers are with you all as we go through this time of sadness...God bless.

“ My dearest sister knew I was not good at caring Plants ( She loved plants both indoor and outdoor). Yet she decided to give me anyway. Well everytime we talked she would asked me how the plant was doing? On several occasions I asked if the plant was more important than I am. She would respond you know I love you. I just want you to be accountable for caring the plant. Its amazing, the plan that had four leaves now has thirty. Once the plant started to flourish she never asked again. Yvonne my loving sister you are a true example of a Christian. You will always be in my heart. I love you sis.

*My dear cousin, you we did not have the joy of sharing our young days together as I was taken to join my mother before you were born, but I have always known that you were one of a loving group of cousins. Before we knew it, we were all grown-ups. What a joy it was to have met you again 5 years ago. You're gone on ahead. Rest in eternal peace my cuz. You'll be missed by all who've grown to know and love you.*

*My sincere condolences to my dear friend family.  
Yvonne I remember you from we were walking to school at Guy's Hill Secondary.  
I was coming from a long distance before you and I would carry potato pudding for you every time my mom bake but if you would leave me I would eat your pudding so if you want your pudding you would have to wait for me 😊.  
Your house was the only home I could sleep over yes I remember those days were happy days and I will keep them as happy memories and cherish them. I also remember when you lived in Kingston and I would spend weekends with you so much to remember.  
There were times when we didn't hear from each other but you were such a friend who would never stop until you found me, such a dear friend you were.  
Thanks for social media that eventually keep us connected.  
I will always remember your warm smiles your jokes and your encouraging words.  
You are a friend never to be forgotten. My school days friend who always keep in touch with me. 🙌  
Farewell my friend some sweet day we will meet again where there will be no more parting.
