“ Vonnie, since the age of 5yrs old, you've been by my side. We were the sisters we didn't have before we actually had them. We have shared many many first experiences growing up. I still laugh at the things you and I would get ourselves into and wonder how we always never got caught. You were my best of best friends and my sister. I will forever miss you. I love you. Rest easy.

No one could tell you nothing .I remember it was time for me to go to college and mom and I stopped pass your house one day and you told me go get a bag and pack as much as I needed . Which I surely did . You were so amazing in so many ways, bright ,,strong, a fighter, always honest and most importantly you always showed everyone love . Pure hearted I would say . “ Never met you however I feel like I know you through your mom. I worked at BellAtlantic/Verizon with your mom and she spoke non stop about her daughters and her mom. Today I pray for strength for the family. God loves beauty and today he welcome the most beautiful flower into his Kingdom.

“ We have been friends since we were kids and we shared many life experiences. You have always been there for me as a support system when there was no other support. Encouraging me never to give up and picking me up when needed. You taught me how to make gravy from scratch your grandfather was so mad because the kitchen was a mess. Remember when you dried my hair with green Kool aid? There are so many memories we shared too many to mention. You have been more than a friend you have always been my family and my sister. When we were growing up, we got into so much mischief and pulled off some capers, don't worry I won't tell. Don't worry about Diamond she will be loved on and cared for. I'm not going to say goodbye my Thelma to my Louise I'm going to say see you later. When we meet again in heaven, I'm going to try purple Kool aid next time. I love you and I have too many wonderful memories to be sad. Heaven truly gained a great one.

Love you

Love you big sister, I will always love you and cherish the moments and times we spent together. I was very proud of my sister for overcoming many obstacles. Yvonne was a fighter and she did not let anything stand in her way from progressing forward in her positive look on life. I am proud of her family for sticking together and traveling to new places to accomplish their goal and dreams. I am proud of her mother for giving her hope during times of need. To show how thoughtful and caring this women was she traveled from GA to Maryland just to see her 95yr old grandmother. It really touch my heart just to see a women in a wheel chair traveled from GA to Maryland, ride a bus just to see someone she really cared about was just touching. You were taken away from us too soon but I know that you are safe in GODS hands. Our memories and your voice will always be in my head.

Love you always!!
